

[MUSIC PLAYING]

Well, really, we're celebrating the 40th anniversary of Helms. And this is one of the most remote locations in PG&E service territory. And we're literally bringing up about 350 people-- vendors, dignitaries, VIPs. We've got vendors coming from Japan. We had Hitachi fly all the way in from Japan just to be a part of the celebration too. So it's pretty crazy.

[HELICOPTER RUNNING]

Welcome.

Thank you.

Look at these guys. How was the ride?

Good.

Hi there.

Good morning, [INAUDIBLE].

Great stage. Yeah.

OK, great.

[CHATTER]

[APPLAUSE]

And the idea that we can build great things here in California-- we can build extraordinary marvels that no one believes are possible. We made that possible here, this team. So please just join me in thanking those people who have been here from the beginning.

I'm going to sit with you.

Come on over.

Oh my gosh.

[INAUDIBLE]

Oh, you're in there somehow.

Well, we do lead with love. And that means we love you, and we are here to serve you each and every day. And I'm so proud of this team, and I am so proud of celebrating 40 years here at Helm. So please, thank you, and let's just have one more moment of recognition for the people of Helms [INAUDIBLE].

[APPLAUSE AND CHEERS]
