80% Passing Score Screen Changes

The screenshot below captures the changes in **OnBoard** due to 80% pass score implementation for written exam.

- Please update OnBoard app to version **6.1.22** or higher.
- If you pass by answering at least **80%** of the questions correctly in written exam, a screen will appear informing you about the pass **%**.

1.45 PM Wed May 11	John Stu (Tester), Written, PG&E Example Exam	≪ 🔐 🗢 100% 💻 Done
	Pass 80%	
	Congratulations you have passed the written exam. However, be aware this does not necessarily qualify you to perform the task as some tasks require a performance evaluation and/or second written exam.	
	Check with your OO Administrator for qualification status.	

 Once you click on the check box, another screen will appear that will list all the missed questions along with incorrect response, correct answer, and domains in reference document.

- Evaluators/Proctors are required to spend some time with the student and give them at least **10 minutes** to review the correct answer and reference documents and clarify any doubts that the student may have regarding the missed question.
- Once the student has reviewed the reference documents and has a good understanding about the missed questions, they can click the **verify** checkbox and hit **done** on the top right corner of the screen.
- The screen below will complete the process where the proctor/evaluator will sign off before moving to the next exam. Before signing off, please make sure to hit the **back** arrow on the top left corner of the screen and ensure that the student has checked on verify checkbox.
